23 March 1962

MEMORANDUM FOR: Acting Chief, DDD

SUBJECT: Security Protection of Ultra-sensitive  
Advanced Intelligence Collection Systems

25X1A

1. On this date I had a discussion with [redacted] Assistant to the DCI. This meeting was brought about as a result of the following events:

a. A buck slip dated 12 March 1962 was originated by [redacted] Assistant to the DCI, and directed to the DD/P transmitting a copy of a memorandum written by the Director to the Director, DIA. The Director's memorandum dated 13 March 1962 expressed concern over the number of billets cleared in the departments and agencies for T and T&M. Mr. McCone indicated further that he was ordering a review in CIA of the Agency's T and T&M clearances in an effort to reduce the number. He went on to point out that "a similar review is being made of [redacted] billets." On [redacted] buck slip addressed to Dick, [redacted] pointed out that the Director had asked that with the review of the [redacted] billets, he be furnished a chart showing total [redacted] clearances along the lines of the T&M chart. This item was called to our attention by the DD/P TCO, [redacted]. He sent us a hard copy at our request.

b. On 14 March 1962 I was called out of a briefing in the Control Room to respond to [redacted] Assistant to the DCI. At that time [redacted] indicated that the DCI was interested in sending a memorandum similar to the one sent to General Carroll to various control points throughout Government expressing a concern on the number of [redacted] clearances. I indicated to [redacted] at that time that we had already initiated action along this line following the expression of White House concern communicated to us by Mr. McGeorge Bundy in his memorandum dated January 24, 1962. I requested the opportunity to discuss this matter with [redacted] and he wholeheartedly welcomed such a suggestion.
